FEES

Most classroom supplies are included in the tuition price with the exception of certain class specific items.

We have waived any finance charge to parents/guardians paying on time on any of the installment plans. The Tuition Refund Plan assists a family in meeting its financial obligations (per the enrollment contract) should the need to withdraw mid-year arise. Parents/guardians who pay in full do not need to purchase the TRP, with the exception of preschool students enrolling for their first year at HWS, but may elect to do so in order to protect their investment. All other payment plans must purchase the TRP insurance. This insurance premium is 3.0% of the full tuition rate.

Payment Plans 2 & 3 must be paid through FACTS Tuition Management Company. FACTS charges \$15 (Plan 2) or \$38 (Plan 3) for this service which will be collected by FACTS prior to your 1st payment.

Sibling Discount: \$600 for every sibling enrolled after the first one. Siblings must be enrolled in a full-time (5 days/wk) program to receive this discount. Additional consideration may be given to families with three or more children on a case by case basis.
